A MESSAGE FROM NICOLE BILLMAN, CEO - PERTH SOLAR WAREHOUSE

Dear Safayat Hossen alif,

Thank you for requesting a quote with Perth Solar Warehouse. We appreciate the opportunity to help you take control of your electricity costs with a system designed specifically for your home.

This quotation has been prepared using the information you provided through our Instant Quote tool. It includes a recommended system, a clear price breakdown, and the assumptions we've used so you can compare options confidently.

Every property is different. In some cases, final pricing can change after confirming site conditions (for example: roof access and height, switchboard condition, cable run length, existing solar removal, or any compliance upgrades required). If anything changes, we'll explain it clearly and confirm your approval before proceeding.

If you have any questions, simply reply to the email that delivered this quote or call us on **(08) 6117 2200**.

Warm regards,

Nicole Billman

CEO, Perth Solar Warehouse

Preferred Timeframe:	1-3 months
Pricing Highlight Block	
Total Price (incl. GST):	\$5,480.00
Rebates/Incentives (if applicable):	\$0.00
Final Payable (incl. GST):	\$5,480.00
Quote ID:	PSW-95WNNT

WHAT'S INCLUDED

Your PSW installation includes

- ✓ System design and site-specific engineering layout
- ✓ Supply of all quoted equipment and standard mounting hardware
- ✓ Delivery and installation by qualified technicians
- ✓ Grid connection / approval support (where applicable)
- ✓ Monitoring setup and customer handover
- ✓ Testing, commissioning, and compliance documentation
- ✓ Workmanship warranty as stated above

WHAT HAPPENS NEXT

1 Quote review & confirmation

We'll contact you within 1 business day to confirm details.

2 Site assessment (if required)

Remote or on-site assessment to finalise system design and compliance.

3 Final proposal & scheduling

Once confirmed, we lock in your install date.

4 Installation & commissioning

System installed, tested, commissioned, and monitoring set up.

ASSUMPTIONS & PERFORMANCE NOTES

Any savings or performance estimates (if shown) are indicative only and are based on:

- ✓ The information you provided (usage/tariff where supplied)
- ✓ Standard assumptions for sunlight, shading, and system losses
- ✓ Current tariff and feed-in rates at the time of quoting

Actual savings and output vary due to household usage behaviour, seasonal weather, shading, export limits, tariff changes, and equipment performance.

TERMS & CONDITIONS

Quote validity

This quote is valid until 26 March 2026 (14 days) unless withdrawn earlier due to pricing, stock, or program changes.

Site variations

Final pricing may change if site conditions differ from the information provided (e.g., access, roof structure, switchboard condition, cable run length, compliance upgrades, existing system removal). Any change will be explained and must be approved by you before work proceeds.

Approvals

Installation is subject to feasibility checks and network/distributor approval where applicable. Rebates/incentives: Rebates are subject to eligibility criteria and program rules and may change without notice.

Payment

Deposit secures booking; final payment required as per agreed payment method.

Warranty

Manufacturer warranties apply to products; PSW workmanship warranty applies to installation workmanship as stated in this quote.

Privacy

Customer information is handled in accordance with PSW's privacy policy and is used to prepare and deliver your quote and installation services.
